Spain was my fourth country visit in PROJECT HOME.

We all came into the middle of the project. And I just want to share my feeling and knowledge with you.

Being exchange student in another country was magnificent, gorgeous, wonderful...

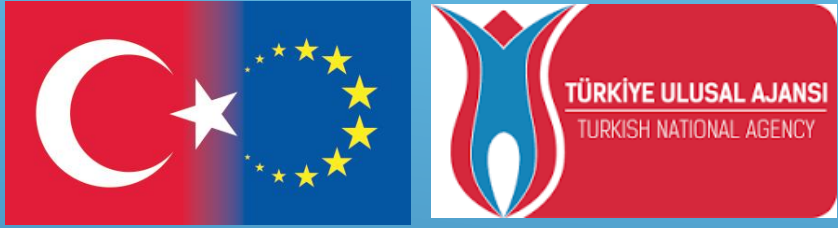

I have been in France, England and Italy. During those visits, I joined lessons and met new friends and teachers.

It was awesome, being in different cultures and having friends in all visited countries.

And friendship will continue...

Now I am in Spain and happy to meet you all.
